Bob Wild WC8O

Bob Wild, WC8O, ex-N8JXB, age 78, passed away on February 25, 2015. Bob became active with the Michigan Amateur Radio Alliance in 1993. He became the 2 meter Net Director for many years before life events forced him to slow down. He also had a column in the clubs newsletter... Bob's XYL, Donna Wild, W8DMW, also was active in the club and helped create the first XYL only net. Bob worked as Data processing at Mary Free Beds Rehabilitation Center. Bob, didn't let being blind stop him from getting into the Ham Radio Hobby. The club's own past President Lee, W8ZP, as a VE, examined Bob as he climbed up the license steps, from Novice, to Extra. And, he passed all of the Morse code requirements!

Bob was active on HF, both on CW and SSB. He was given the honor of a Life Membership in MARA last summer. He was really appreciated about receiving that honorarium.

Bob was active in the club till November 2014, when he became sick. Even while being sick, Bob participated in the 2 Meter Net. He will be greatly missed.

Your warmth and friendship will be missed.

R.I.P. my friend.
