Gary Springfield KB8AKV

Gary Springfield was a founding member of the Michigan Amateur Radio Alliance. Gary participated in Field Day events and helped the club get involved in many other activities, such as the Old Kent Riverbank run, helping provide communication. Gary was very active in the MARS radio service. Gary served in the Navy on the Yorktown and enjoyed his world travels. He was an avid amateur radio enthusiast, which brought him much joy. Gary was a patron of the Swan Inn Restaurant, and enjoyed meeting all of his friends there. His involvement in MARA can be felt even today.

R.I.P. my friend.
